THE COMPANY

ComStock is a leading provider of real-time financial data from over 180 sources and exchanges worldwide, covering in excess of 1,5 million instruments. ComStock's extensive information coverage includes equities, derivatives, fixed-income, foreign exchange, commodities, funds, historical & fundamental data and financial news. ComStock has set a benchmark for providing solutions to the global financial community with superior financial products and services. We offer everything from a real-time datafeed, to a fully customisable and hosted solution for institutional investors, redistributors, online media portals, financial planners, and advisors worldwide.

ComStock is a division of Interactive Data Corporation (NYSE: IDC, www.interactivedatacorp.com), a leading global provider of financial and business information to institutional and individual investors. Headquartered in Bedford, Massachusetts, Interactive Data Corporation has approximately 1,800 employees in offices throughout the world.

Interactive Data Corporation is approximately 60 percent owned by Pearson plc and included within its Financial Times Group. Other Financial Times Group companies include the Financial Times newspaper, FT.com and Financial Times Business. Pearson plc is an international media company with market leading businesses in education, business information and consumer publishing.
